Employment History

Universal Web Design, UK   **Web Developer**   **2020 - Present**

My duties included:
- Planning, analysing, designing and developing the projects using above-mentioned technologies.
- Testing, presenting and implementing customer's amendments, final testing of projects.
- Handing the completed website over to the customers, providing support and training the client's staff.

Main Projects:

1. **MHG Corporate Vetting WebApp**: The main customer's goal was to optimise the management of job applicants vetting processes to save time. As they deal with massive data and information, they have wanted a better way to manage and deal with all the collected data, saving working time and improving the vetting processes.
   a. *Technologies*: Python, Django Framework, MySQL, HTML, CSS, jQuery, HTMX, AJAX, AWS Lightsail, Linux Ubuntu 18.04 LTS Distribution, Apache2 Web Server.
   b. *Live project*: https://vetting.mhgcorporate.com

2. **Your Next Car**: Your Next Car is a user-focused online car portal with more than 400,000 vehicles available for sale, lease, rent or hire. My main tasks were to develop the dealers' dashboard and scrap and import the dealerships and their car listings from Autotrader Portal and also implement Stripe Online Processing Payments System.
   a. *Technologies used*: Python, Django Framework, MySQL, Beautiful Soup, HTML, CSS, jQuery, HTMX, Stripe API, deployed on Centos cPanel.
   b. *Live project*: https://your-next-car.com/

City Insurance, Romania   **Area Sales Manager**   **2012 - 2019**

I previously worked as an Insurance Advisor and Branch Manager before promotion. My duties included:
- Driving sales processes and teams of over 25 employees from eight branches from NW of Romania.
- Developing strategies for growing business relationships with the company's partners.
- Recruiting candidates for vacancies.
- Tracking and fulfilling target goals.
